SHINE ACADEMY OF MUSIC

An Ultimate Musical Workshop to fulfill our dream of Music

From the Teacher's Desk

Dear……,

I hope you like Music. You know God also like Music very much. He loves when you sing and when you play Music to God. That's why He has given the keyboard to you to sing and to play.

If you don't know how to sing and play the Keyboard Music, don't worry. Come to Music Class, as teachers we help you and teach you how to sing and play.

In the Bible one of the greatest Kings named David, when he was a small boy he loves to sing and play music to God. God loved him and blessed him with music talents and skills. When he became the King of Israel, he organised big Choirs and arranged music Instrument Players to Sing Majestically to God. God honoured through his Music and Singing.

Likewise, you also learn the Keyboard Music well. My prayer is for you to love God and Play Music to God. Truly God will bless you and Use you mightily for His Purpose.

Arrangements of the Keys

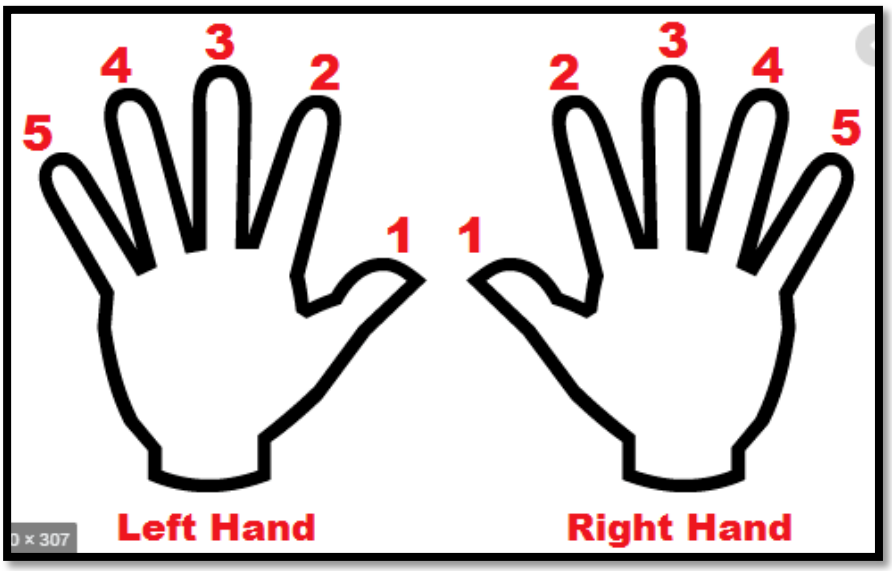

Here we see the Music Keyboard layout. In that layout we see there are two black keys and three black keys are organized and placed well on the top of the white Keys. The key C is located near to the first two black keys and the key F is located near to the first three black keys. These two and Three Black Keys are really helpful to acknowledge the Tones of the Keys to Play easily.
